PACC Water Drive

Help Us Help Our Community!

Hosted by OACYS Technology and PACC

When: Friday, June 12th, 2015
from 9:00AM–5:00PM

Where: OACYS Technology Parking Lot
767 North Porter Road, Porterville CA

OACYS Technology is proud and honored to host a "Water Drive" event to help support the Porterville Area Coordinating Council's (PACC) efforts in bringing drought relief to the families affected by the ongoing drought.

Many local residents in the Porterville and surrounding area are finding their wells empty, leaving them without water to drink, cook or clean with.

PACC, along with many volunteers and businesses, have been working relentlessly to bring water relief to those in need. PACC is a non-profit organization and needs our help as a community in order to be able to maintain the continuing efforts needed in

our local communities.

On June 12th, OACYS Technology will be hosting this event in order to support PACC's efforts. In return for help provided by you, the community, we will be hosting a raffle event as well. This event will serve two purposes – one is to raise

Ransomware

Ransomware is like a virus that hijacks its victims and locks their computers, demanding that they pay a fee to return access or get their data back.

E-mail that poses as (for example) something like a FedEx tracking document, or an airline ticket, or a bank account alert are a few common tricks. If you click on them, it could be too late.

If the alert looks surprising or suspicious, don't click! You can call or browse directly to your bank or any other account to check whether the email you received is legitimate.

Don't be a victim ... think before you click!

PACC Water Drive

Continued from Page One

money to help fund PACC's efforts, and the other is to show our appreciation for your support and complimentary donations. For every case of water donated, you'll receive a complimentary raffle ticket to be entered into our drawing. The more you donate, the better chances you have at winning!

Monetary donations will also be accepted as part of the event. Tickets will be \$3, and 100% of the proceeds will be given directly to PACC. Do not miss out on this opportunity to help those in need, as well as the chance to win generously donated items from local businesses.

We'd like to express our gratitude to the local businesses who donated items for this event, and their willingness to help support and raise awareness about those in need.

New Bandwidth Policy

Last December we introduced the revolutionary new OACYS Bandwidth Prioritization System, which **eliminates excess usage surcharges!** Here's a recap of how it works (our January newsletter also includes a graphic illustration).

• **HIGH PRIORITY.** Full speeds are always available to users who stay below their Recommended Usage Guideline, even during periods of peak traffic.

* Find the recommended "Usage Guideline" for your selected Plan Type in the chart below. You can monitor your usage via User Admin on our website.

• **MID PRIORITY.** Full speeds are available to users who stay below double their Recommended Usage Guideline, with possible reduced speeds only during periods when their tower radio might approach peak traffic capacity.

• **LOW PRIORITY.** Speeds are reduced by 50% for users who exceed double their Recommended Usage Guideline, deferring to higher priority users during periods of peak traffic.

* Bandwidth usage for each user account is updated daily, on a continuously rolling 30-day cycle.

Fan Mail

"Wireless performance is terrific, and we especially appreciate how you got our company email and spam problems cleaned up. Everyone in your office who helped during the transition was very knowledgeable and professional." -JC

Tired of satellite or Clearwire? You're not alone ... many of our new OCS accounts are customers switching from satellite, DSL, Clear[wire] and others. Tell your friends and receive a referral credit for up to a month's free service. **And, remember that Clear is discontinuing local service in November!**

OACYS WIRELESS INTERNET SERVICE PLANS

Wireless Plan Types	Speeds (Mbps)		Usage Guideline	Mailboxes	One-Time Fees	
	Download	Upload			Installation	Monthly Service
(Note 1)						
RESIDENTIAL						
Basic	1.5M	768K	20GB	5	100.00	49.95
Premium	3M	1.5M	40GB	10		79.95
BUSINESS						
Business	3.5M	3.5M	60GB	20		129.95
Professional	4.5M	4.5M	70GB	25		159.95
Corporate	6M	6M	90GB	30		199.95
Enterprise	8M	8M	120GB	40		249.95
MOUNTAINS						
(Note 2)						
Yokohl, Balch, Bear Creek						
Alpine, Pierpoint, Nelson	1.5M	768K	20GB	5		69.95

(1) Guidelines are the recommended bandwidth usage per month. There is no charge for excess usage, but prioritization may apply during periods of peak overall usage.
(2) Add \$10 monthly rural service fee to any Residential or Business plan.

I Didn't Know That!

- OCS provides "A-to-Z" technology services
- Complete computer service and repair shop
- Variety of Internet access plans and packages
- Professional website development and hosting
- Programming and custom development
- eCommerce solutions
- Computer and Internet technology consulting
- Secure branch office inter-networking
- Internet-based "VOIP" telephone services
